*Together we can address fresh food
scarcity in Dupage County*

Fighting Food Insecurity, One Garden at a Time

The GardenWorks Project is a 501c3 non-profit organization dedicated to improving access to fresh, locally-grown produce for individuals facing food insecurity in Dupage County.

At the GardenWorks Project, we:

- **Provide** supplies, support, and education to gardeners in households, community gardens, and 26 independent garden sites in Dupage County.
- **Grow** fresh produce for direct donation to local food pantries.
- **Facilitate** the donation of surplus produce from farmers markets.
- **Connect** home gardeners harvesting surplus produce with food pantries in need by way of our **Fresh Food Connect** App.

How you can help

In addition to **financial support and sponsorship**, we need **your voice** out in the community, spreading the word about The GardenWorks Project.

We also **welcome you to join us in the gardens** as individuals or on a team-building volunteer outing.

Volunteering opportunities can be arranged throughout the 2025 growing season.

To schedule a Lunch & Learn opportunity or a volunteer day for your team, please reach out:

info@gardenworksproject.org

“As freshly harvested produce is brought into the food pantry each week, it is delightful to witness all their eyes light up and smiles widen!

This opportunity to serve my community has been a blessing.

—Cindy Fish
Volunteer

Your sponsorship helps us:

- **Provide garden supplies**, including soil and seedlings, to individuals experiencing food insecurity.
- **Establish new gardens sites** at community centers, group homes, and food pantries.
- **Offer educational resources** so community members have the knowledge and skills to grow food for themselves or others.
- **Ensure swift transportation of garden harvests** to local food pantries to maximize freshness and quality.

OUR 2024 IMPACT

26

Garden Locations in Dupage County

55

Community Partners
